The Weekend Visit Experience

**A Guide to the Weekend Visit at
St. Lawrence Seminary High School**

About St. Lawrence Seminary High School

St. Lawrence Seminary was founded over 150 years ago by two Swiss diocesan priests, Fr. Francis Haas and Fr. Bonaventure Frey. Today, St. Lawrence High School has grown from a tiny institution with only a few students to a thriving school with over 200 students. Boys from across the country and world come to be a part of the strong, proud tradition of St. Lawrence. Together, they form a group of individuals who have chosen to discern God's calling in their lives, whether as priests, religious, or lay persons in the Catholic Church.

What is the Weekend Visit?

The Weekend Visit is an opportunity for young Catholic boys to explore St. Lawrence as a prospective high school. This experience is open to current eighth, ninth, and tenth grade students. The weekend, which runs Thursday through Sunday, allows students to experience a residential high school life during the course of the school year.

Visitors during the Weekend Visit are involved in all the normal, day-to-day activities at St. Lawrence. They join the students in prayer, classes, meals, and

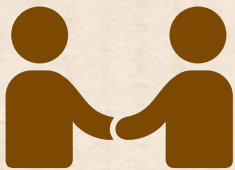

recreation. During the school day on the Friday of the weekend, the prospective students take an admissions exam. The results are shared with both the student and his parents Saturday evening, after the tour and presentation.

Parents are asked to join their sons on Saturday and Sunday. Sharing the personal experience makes for a common ground from which prospective students and their parents can discuss attending St. Lawrence Seminary High School.

Invitation Process

St. Lawrence's **initial inquiry and assessment** of each family begins with a conversation via phone or email meant to answer questions regarding the school, listen to the family's goals in choosing a high school, and learn about the prospective student. The initial contact is also meant to explain the basic criteria a candidate must meet before further consideration.

After the initial assessment of the family (and assuming they live within a few hundred miles of the school), St. Lawrence would like to do a **home visit** and meet the family in person prior to the Weekend Visit. An Admissions Coordinator goes to the home at a time that is convenient for the family in hopes of developing a rapport with both the parents and the prospective student.

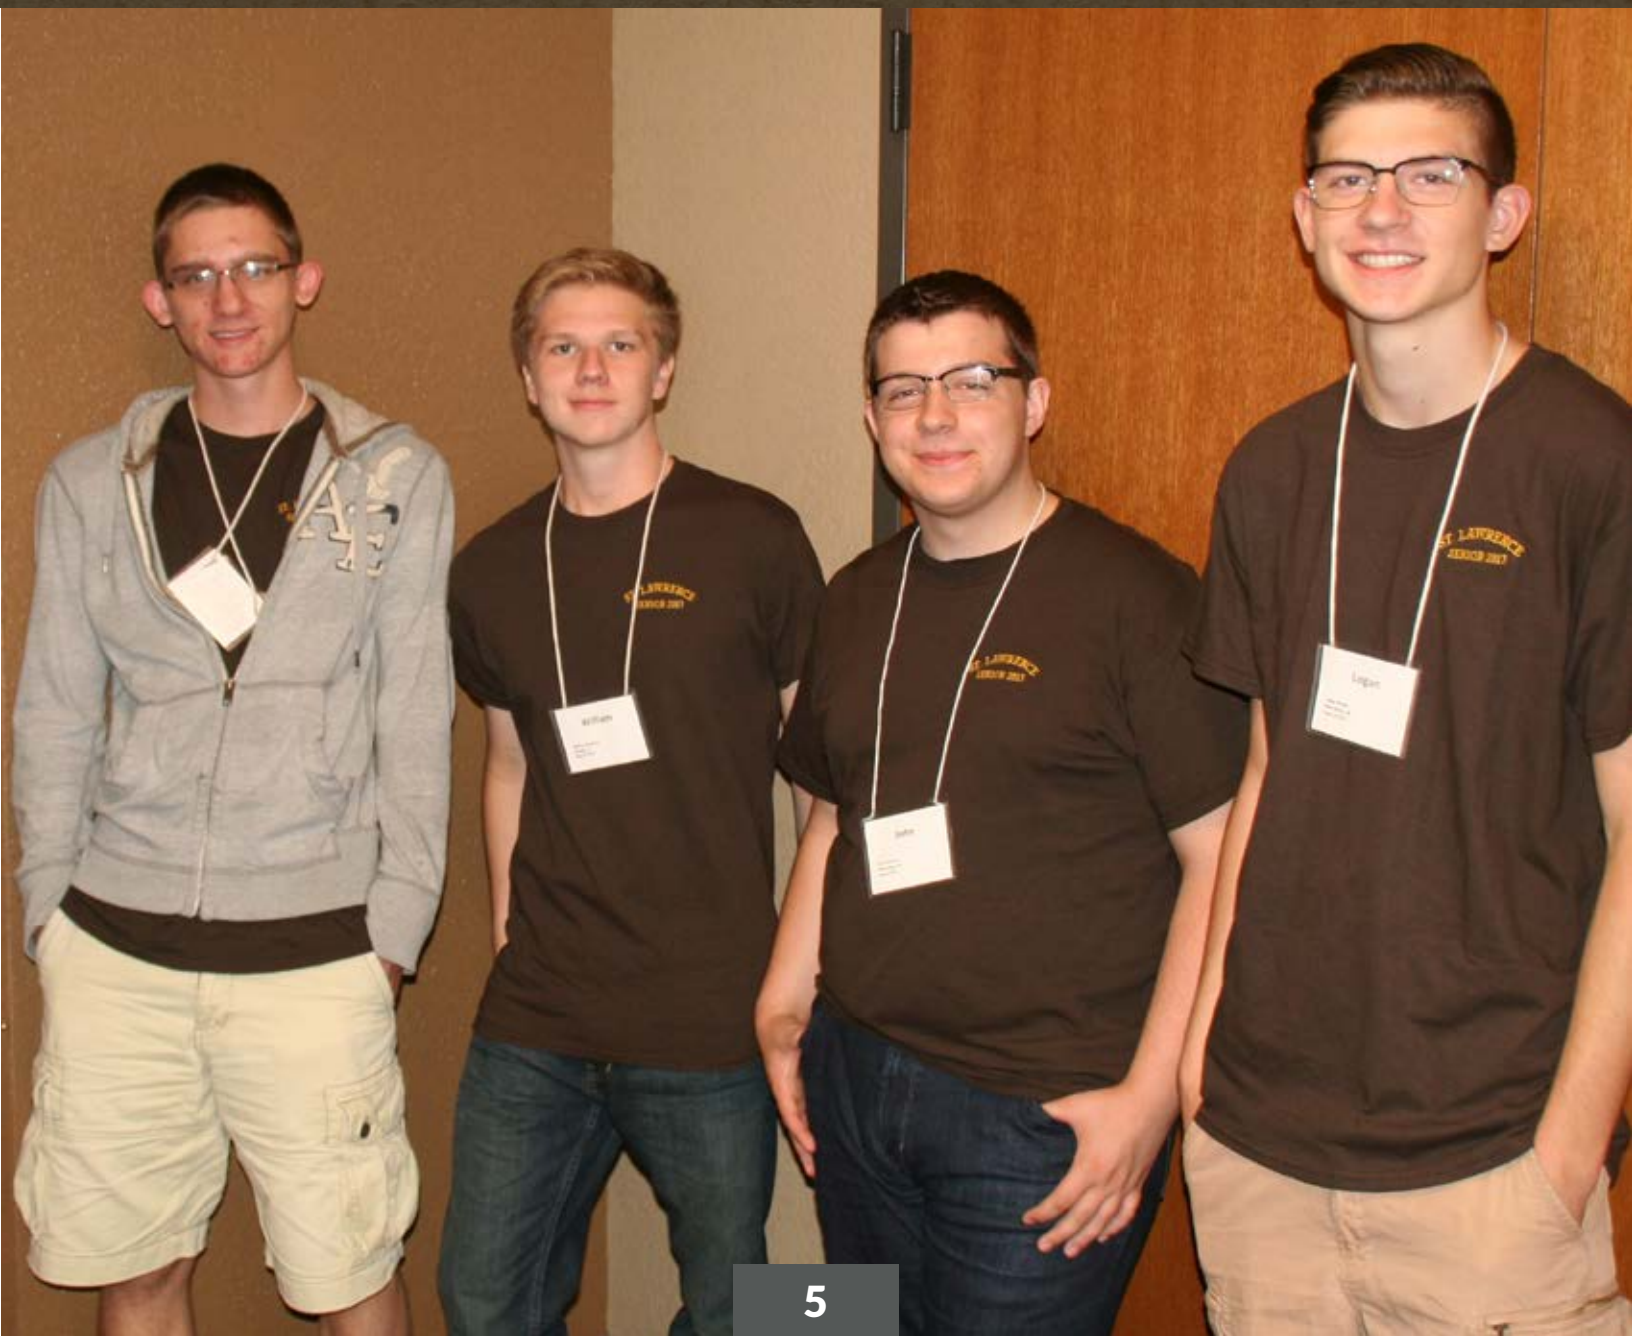

The **Weekend Visit** is the pivotal event in the discernment process regarding St. Lawrence Seminary High School. The Weekend Visit allows an interested student and his parent(s) to experience St. Lawrence first hand and to get a sense of daily life there. It's also an opportunity for St. Lawrence to see how the young man interacts with others and fits into his surroundings. St. Lawrence expects that all candidates who wish to receive an application attend a Weekend Visit.

Exceptions are sometimes made for families that live a significant distance away from the school.

Student Testimonial

Sometimes the best way to get an authentic perspective of something like the Weekend Visit is to get insight from someone who actually took the time to experience it in person. That's why we talked to Logan Burge (pictured above on the left), a senior at St. Lawrence Seminary, who had some thoughts on his personal experience at the Weekend Visit Experience at SLS.

.....

SLS: *How did you hear about St. Lawrence Seminary High School?*

LB: I heard about St. Lawrence Seminary High School from my dad who is an alumnus and a previous employee of the school. I would come up on the weekends for mass, and it really interested me to see all of the students who were so friendly and involved.

SLS: *What grade/age were you when you attended the Weekend Visit?*

LB: I was in the 8th grade when I attended the weekend visit. My mom signed me up for the earliest date available as well. I was really excited to go!

.....

SLS: *What was your initial impression of the Weekend Visit experience?*

LB: At first I was really nervous. I didn't know what it would be like, and I didn't know anyone there. But the students were all really nice and helped me with any questions I had.

.....

SLS: *How did the students and faculty affect your experience during the weekend?*

LB: The teachers were very kind and welcoming when I went to classes. Students were always asking me if I knew where I was going as well. I was really surprised how welcoming they all were to me.

.....

SLS: *What was your impression of SLS at the end of the weekend?*

LB: I was 100% ready to give SLS a try. I knew that I would enjoy my time there and would meet lots of new people.

.....

SLS: *What do you love most about St. Lawrence Seminary High School?*

LB: I think the friendships I have made here will last a lifetime. I have met so many people from all over the world and learned so many things about their cultures.

Goals of the Weekend Visit

By the end of the Weekend Visit, St. Lawrence hopes that:

- Visiting students and their parents will gain a real feel for the values that are important to St. Lawrence Seminary
- Students have an idea of what day-to-day life is like at St. Lawrence
- Parents will have an understanding of the various programs at St. Lawrence
- Parents have an appreciation for the kind of academic and spiritual training that St. Lawrence offers to its students
